

Understanding US Motors' Date Code

US Motors Pool/Spa Warranty Period

US Motors provides a two-year warranty from date of manufacture or one year from date of installation – whichever occurs first.

Definition of US Motors' Date Code

A13C

First Character – **A** – This character represents the month in which the motor was built. The letter “I” is skipped in the alphabet.

A = January B = February C = March D = April L = November M = December

Second/Third Characters – **13** – These characters represent the year the motor was built.

10 = 2010 11 = 2011 12 = 2012 13 = 2013 ...

Fourth Character – **C** – This character represents possible plant codes that mean nothing to the manufacturing date.
