

Directions for use:

Pool Magic Spring & Fall

Use entire bottle for pools up to 25,000 gallons (95,000L)

In The Fall

1. Follow dealer instructions for closing
2. Add **Pool Magic Spring & Fall** as the last step before covering pool
3. Test phosphate levels to ensure levels are near zero

In The Spring

1. Bring water level to normal and add any time after shocking and balancing chemicals

Note: Chlorine must be under 5ppm before adding this product
