Shock Boost And Mineral Bath In One!

The Secret is the combination of natural minerals found only in the legendary hot springs of Japan. The water is enriched with these natural minerals when it is heated and circulated deep under the earth's surface. The fortified spring water provides amazing relief from the discomfort of aching muscles while also softening, cleansing and refreshing the skin.

Clear Spa 104° Spa Seltzer™ is engineered to provide the necessary amount of oxidizing agents to remove organic waste. As an added benefit, the minerals create a sensation of immersing in a Japanese hot spring.

Clear Spa 104°
SPA SOLUTIONS

*Another Signature Product Available
Exclusively From Oreq.*

Developed specifically for spas, these effervescent tablets provide a purifying oxidation boost to remove impurities and organic waste while delivering water enriching minerals to turn your spa into a soothing, therapeutic experience.
