Walls, Stairs & Steps,
On and Around Ladders,
Drains & Corners) of Any
Pool, Spa, Hot Tub, or
Virtually Any Other
Water Application.**

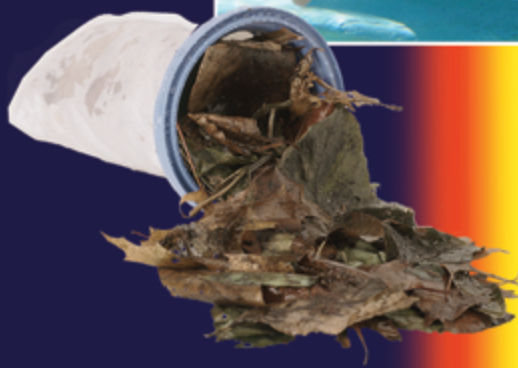

POOL BLASTER[®] **MAX**

BATTERY POWERED POOL & SPA VAC

Clean the Entire Pool in Minutes or Spot Clean in Seconds!

Pool Blaster MAX works on any surface: concrete, tile, vinyl or fiberglass. The MAX's internal pump makes it a Super Powerful vacuum system, which is free of hoses, external pumps or electrical cords and enables it to operate completely free of any connection to the main filter system. It attaches to any pool pole for extended cleaning or can be used as a hand-held spot cleaner.

Extra power for deep cleaning is just half of the story. The high-powered suction remains stronger, longer, because the large internal filter bag holds more dirt and debris. With these advanced capabilities, Pool Blaster MAX can tackle the largest pool messes and make it the most effective way there is to clean a pool or spa. And, Pool Blaster MAX has an easy-empty Mesh Filter bag and 2 Microfilter bags so hands do not touch the dirt, plus the MAX is wall mountable for grab and go convenience.

Specifications

Cleaning Coverage (sq. ft./hr)	1771.2 sq. ft./hr.
Run Time	up to 1 hr.
Charger Included	yes
Battery	Rechargeable
Vacuum Head Width	10 3/4"
