

Sodium Bromide

Establishes an immediate bromide reserve in your spa.

Features:

- For use with brominating tablets in hot tubs
 - Establishes a bromide reserve

Applications:

Start-Up:

1. Add 1/2 oz. per 100 gallons of spa water to establish a 30 ppm bromide reserve.
2. Add **Brom Tabs** to establish a bromine level.
3. Repeat steps 1-2 when spa is drained and refilled.

Sizes:

1 lb. pouches

Tips:

Leisure Time™ **Sodium Bromide** is NOT a disinfectant. It is used to establish a reserve of bromide in spa or hot tub water. It is necessary to use a sanitizer to disinfect the water.

Compatible With:

Bromine sanitizing systems.

Advantage:

When used with Leisure Time™ **Brom Tabs**, the disinfection of the spa will be completely bromine-based and chlorinous odors will not exist.
